

Santiago, 19th January 2026

To: Dr. Jordi García-Gonzalo
Scientific Coordinator for DecisionES Project
Centre de Ciència i Tecnologia Forestal de Catalunya

Mr. David Muñoz
Researcher for DecisionES Project
Centre de Ciència i Tecnologia Forestal de Catalunya

Dear Dr. García-Gonzalo and Mr. Muñoz,

We are glad to invite Mr. David Muñoz, from the Centre de Ciència i Tecnologia Forestal de Catalunya, as visiting researcher at the Faculty of Agriculture and Natural Systems of the Pontificia Universidad Católica de Chile. He is invited to visit us between 25th February 2026 and 21th April 2026. Our collaboration is in the context of the Project DecisionES "*Decision Support for the Supply of Ecosystem Services under Global Change*" (Nº 101007950) funded by a Marie Skłodowska-Curie Research and Innovation Staff Exchange (RISE) within the H2020 work programme (H2020-MSCA-RISE - /2021 -31/06/2026).

Mr. Muñoz will work with Dr. M. Paulina Fernández in the field of habitat modelling of *Jubaea chilensis* (palma chilena), an endangered native species. During this exchange, we will provide him a working space in our offices and access to IT and communication facilities.

We are sure his visit will be of mutual benefit and will build stronger relationships and collaboration between both institutions.

Yours sincerely,

Dr. M. Paulina Fernández Q.
Host researcher and Scientific Coordinator for DecisionES Project
