Dear Josep Ollé:

We are glad to inform you that your paper “Agglomeration bonus as an economic incentive for coordinating fire prevention efforts: experimental evidence in Catalonia, Spain” has been accepted for the Fifth AERNA Workshop on Game Theory and the Environment, to be held in Murcia on September 2-3, 2025.

In this AERNA workshop, completed papers are discussed and worked on. However, although your paper is not yet finished, the scientific committee has decided to incorporate it in one of the emerging ideas sessions. We will have two of these emerging ideas sessions where less advanced research will receive feedback from senior researchers.

The inclusion of your paper in the final program is subject to your registration.

The registration deadline for presenting authors is July 15th, 2025.

To register, please follow the instructions at

<https://cursos.um.es/cursos/alumnos.cursos.inscripcionlogin.do?a=FDB606086652E5D1879969BD06236084&u=&svu=>

The workshop will be held at the Faculty of Law of the University of Murcia, in the center of the city (<https://maps.app.goo.gl/xCK6xu8egt1Ys3D47>).

Thank you for submitting your paper to the Workshop.

Looking forward to seeing you in Murcia this September!

With best regards,

María Pilar Martínez-García (Chair of the Organising Committee)

Isabel Albaladejo Pina
